- multilingual learning environments
- pluri culture learning environments
- learner profiles and interests
- merging learning landscapes
- oracy in open learning scenarios
- learner-initiated curricula
- the roles of the teacher
- material and task development

Elevator talks

- A good autonomy classroom experience (elevator talk). Please indicate the specific area of interest on the registration form.

Please join us for our local LASIG Event “Reforming the foreign language classroom – empowering students to take ownership III” held at the Montessori Campus Berlin Köpenick–in Berlin, Germany on September 17th 2022.

This third event in a series will focus on inclusive language learning in school settings that already provide learners with some responsibility for their learning. The organizers (Annika Albrecht, Carmen Becker, Leni Dam and Katja Heim) are inspired by the wish to discuss the potentials and challenges of learning and teaching English in open learning scenarios with like-minded people. The plenary is held by Lienhard Legenhausen.
